

G. O. P. LEADERS TO PASS BONUS BILL AS DRAWN

Action to Be Taken in Face
of Harding's Implied
Warning.

MEASURE IS READY

Expected That Bill Will Be
Passed By House Early
Next Week.

Washington, March 8.—In the face of the implied warning that President Harding is opposed to the completed soldiers' bonus bill now pending in the house because it does not provide for a sales tax to raise the necessary money, Republican leaders today were determined to pass the measure in its present form. They do not believe that the president will veto the bill after it gets through congress.

It was pointed out today, that the original bonus requirements of the president were that (1) there should be no re-enactment of repealed taxes on excess profits, (2) that the treasury should not be called upon to meet a heavy draft for cash payments and (3) that interest received on the foreign debt to the United States should not be used.

Republican leaders of the house declared that all of these conditions have been met in the present bill for it takes less than \$16,000,000 out of the treasury, levies no additional taxes and makes no provision for the use of foreign bonds.

Chairman Fordney of the house ways and means committee, is in Peoria, Ills., today but before leaving Washington he expressed the belief that President Harding would approve the bonus bill as finally drafted by the committee. Reps. Longworth, Frear and Tison, leading Republicans of the ways and means committee declared today, that while they did not know the president's mind they were doubtful if he would oppose the bill despite the committee's flat rejection of the sales tax.

It is expected that the bill will be passed by the house early next week. The ways and means committee probably will lay the measure before the house on Saturday.

The compromise bonus bill, carrying a bank loan provision in place of the cash installment payment plan originally proposed, and once approved by the House, finally was approved yesterday by Republican members of the House Ways and Means Committee.

Aside from the substitution of the bank loan provision for the cash payment plan, the bill as introduced is similar to that previously passed by the House. The only immediate cash payments proposed are to veterans whose service pay would not exceed \$50.

Other veterans could select one of these four options:
Adjusted service certificate, combining loan and insurance plans.
Vocational training.
Farm and home aid.
Land settlement.

The ultimate cost of the bonus to the Government, it was said, would depend upon the number of men selecting each of the options. It was estimated that the immediate cash payment to those entitled to not more than \$50 each would be near \$16,000,000.

The final cost might range from \$1,000,000,000 to \$1,750,000,000, the maximum figure being predicted upon all of the veterans selecting certificates and holding them until maturity or until death.

The adjusted service certificate would be dated October 1, 1922; would mature in 20 years, or at the death of the veteran, and in either case, would have a face value equal to the sum of (1) the adjusted service credit of the veteran, increased by 25 per cent, plus (2) interest thereon for 20 years, at the rate of 4 1/2 per cent, compounded annually. The total amount would be "approximately equal to 3.015 times the adjusted service credit of the veteran."

This credit would be figured on the basis of \$1.25 for each day of overseas service and \$1 for each day of home service but in no event could the credit exceed \$500 in the case of a veteran who performed no overseas service, or \$625 in the case of a veteran who served overseas.

Prior to September 30, 1925, any national bank or any bank or trust company incorporated under the laws of any state, territory, possession or the District of Columbia would be authorized to lend to a veteran on the certificate any amount not in excess of 50 per cent of the adjusted service credit, plus interest at 4 1/2 per cent from October 1, 1922.

PAY TO HUMANIZE FEDERAL PRISONS

Washington, March 8.—It pays to "humanize" the federal prisons, so thinks Attorney General Daugherty, who today pointed to these results in one year.

One thousand paroled prisoners who have earned \$1,000,000 and are again useful members of society.

Productive endeavor created through the government's policy of aiding them has helped to cut the cost of prison operations \$77,000 below the appropriations.

QUEEN IS CROWNED AT MARDI GRAS

Gayety galore prevailed at New Orleans' annual Mardi Gras pageant. From thousands of beautiful girls Miss Mardon Souchoy, member of one of the oldest families in the historic Southern metropolis, was crowned queen. This year's Mardi Gras was productive of many wondrous scenes, the monster celebration surpassing in gorgeousness those of other years.

Administration Renews Efforts To Avert Strike

Menace of Soft Coal Tie-up Causes Concern in Official
Circles—Seek Conference Between Operators and
Miners To Prevent Walkout.

Washington, March 8.—With the strike vote of the bituminous coal miners rising higher and higher, the administration today renewed its efforts to bring about a conference between the operators and miners to avert the threatened strike on April 1. Secretary of Labor Davis conferred during the day with his aids who are familiar with the soft coal situation.

Beyond saying that he hoped to bring about the desired conference, Secretary Davis was silent regarding the steps that are being taken to bring the two groups together. The menace of a soft coal strike, which is daily growing greater, is causing concern in official circles and Secretary Davis is expected to bring strong pressure to bear on the operators to agree to a conference.

In the meantime officials of the American Federation of Labor are keeping a close watch on developments. "The coal barons are responsible for the mining of coal ceases," a federation official said today. Why not abandon the talk of "miners' strike and discuss a lock out by the coal owners?"

Kansas City, March 8.—A general coal strike in the southwestern fields appeared certain today when operators announced open defiance to the threat by miners to strike on April 1 if wages are reduced.

The southwestern interstate coal operators association announced that not only would wages be reduced but would be "cut to the bone." The new scale, it was stated, would be \$3.48 for day work. The present scale is \$7.81. The "check off system" will be abolished it was further stated.

BRYAN'S ENTRY INTO TREATY FIGHT GETS FIRE FROM WATSON

Senator Charges "Common-
er" With Grandstand Play
In Statement.

Washington, March 8.—The entry of William J. Bryan, the "great commoner" into the four power treaty fight, aroused a storm of condemnation today from Senator Tom Watson, Democrat of Georgia.

Watson charged Bryan with "grandstanding" and scathingly reviewed the commoner's "war record" of 1893. He also charges Bryan with attempting to "disrupt the Democratic ranks" to obtain a Republican victory.

"There is a feeling of resentment among the Democratic senators that W. J. Bryan should undertake to dictate to them their course of action in the four power treaty," said Watson. It is remembered that after the Spanish American war Bryan took upon himself the task of creating disruption in the Democratic ranks with the purpose of swinging enough Democratic votes to insure a two thirds majority required by the Republicans to ratify the Paris treaty. He is attempting the same thing now.

DECLARES METHODS OF DRY OFFICIALS ARE HIGH HANDED

Fleischmann Spokesman
Asks That Order Be Re-
scinded by Blair.

Washington, March 8.—Denouncing methods of prohibition officials as "high handed and prejudiced," Henry W. Wise, New York lawyer, today asked Revenue Commissioner Blair to rescind an order prohibiting the Fleischmann Company from manufacturing or selling industrial alcohol.

The Fleischmann company's spokesmen were before Mr. Blair, when he resumed hearings of charges upon which commissioner Haynes based an order against the company. Attorney Wise charged that S. F. Ruter had prejudiced the case because he allowed the company only two days to defend their case, while the government was permitted to consume eleven days.

Blair said that the hearing would be ended before the close of the day and that his decision would be announced soon afterward. No new evidence is being submitted, Blair decided only to review the facts and testimony adduced in the previous hearing of the issues at Philadelphia.

PRESIDENT TO LEAVE

Washington, March 8.—President Harding probably will leave Washington late this afternoon for a ten day vacation trip to Florida. The president plans to go first to St. Augustine.

No engagements were on the White House calendar for today.

VISCOUNT GREY OPERATED ON

London, March 8.—Viscount Grey was operated upon last night. He stood the operation well despite the fact that he was seriously ill.

GOVERNMENT TO ABANDON UNSAFE U. S. HOSPITALS

Structures Regarded As
Fire Traps to Be Closed
It Is Announced

TO START BUILDING

Thousands in Imminent
Danger at Present It
Is Believed.

Washington, March 8.—The government will abandon or close up hospitals that are regarded as fire traps and are a menace to the thousands of bed ridden patients among disabled service men confined in them, it was decided by Director Forbes of the war veterans bureau today.

Forbes, in addition to removing sick veterans from dilapidated structures to more modern structures will proceed at once to hasten the building of new fire proof government hospitals where patients may be safely housed.

Congress will receive a protest also against any further authorization for hospital buildings of wooden construction. Director Forbes' policy will be to insist that construction work which will proceed under the \$16,000,000 fund to be allowed for the purpose under the Langley bill, shall be modern in every detail. Meanwhile there is expected to be a cleaning out of hospitals, treating former service men when fire hazards are apparent.

Among the 31,000 former service men who are under treatment, it is believed thousands are in imminent danger because buildings that house them are dilapidated.

Government experts will make an immediate survey under director Forbes' direction to effect the removal of patients to safer hospitals. The first step in this plan was an order closing the Fox Hills hospital in New York, where 836 veterans who are bed patients were imperiled in a temporary structure.

Lodge Warns Rejection of Treaty Will Hasten War

Senator In Defense of Pact Points Out That Failure To
Ratify Pacific Covenant Will Mean Failure
Of Whole Conference.

Washington, March 8.—Senator Henry Cabot Lodge warned the United States senate that if it rejects the four power Pacific treaty it puts renewed life in the Anglo-Japanese alliance, beckons to the grim possibility of war and destroys the whole work of the arms conference.

Speaking with intensity unusual for him, Senator Lodge defended the entire lot of conference treaties as well as the course pursued by the American delegates in the conference and declared that senate rejection would have a shocked and startled world still menaced by the horrors of 1914-1918.

"The defeat of the four power treaty would mean the failure of the conference," declared Lodge. "Let there be no illusion on that point."

The American delegates, Secretary Hughes, Elihu Root, Senator Underwood and himself were in entire accord, Lodge said, for a month before and during the conference, on what should be accomplished.

"We were clearly of opinion," he said "that there lay before us great objectives. One was the termination of the Anglo-Japanese alliance. The next was an agreement between the five powers for a reduction of naval armament. The third was to accomplish all that was possible to aid China in the establishment of a free and independent government and particularly to secure the restoration of the great province of Shantung to the Chinese empire to which it rightfully belonged."

"We succeeded in attaining all these objects. The treaty now before us terminates the Anglo-Japanese alliance. I think the obligation to meet and consult is the only obligation existing in this treaty."

"It is sufficient to say that in my judgment the Anglo-Japanese alliance was the most dangerous element in our relations with the far east, and with the Pacific."

"There is no likeness between the alliance and this treaty."

"The removal of the Anglo-Japanese alliance made it possible to bring about a reduction of naval armament. While the alliance existed a reduction of naval armament was difficult, if not impossible. Senators should bear in mind that the defeat of the four power treaty would endanger the naval limitation treaty and failure of the naval treaty would shock and startle the world and bitterly disappoint the American people."

PEACE NEGOTIATIONS UNDER WAY BETWEEN RIVAL FACTIONS IN IRISH DISORDERS

Believe Solution of Troubles Will Be found—Frest
Rioting Breaks Out at Belfast—One Man
Is Killed.

Limerick, Ireland, March 8.—"Peace negotiations" are under way today between leaders of the rebel members of the Irish republican army and Richard Mulcahy, former chief of staff of the Irish republican army and now minister of defense in the Irish provisional government at Dublin.

It is believed a solution of the troubles will be found.

One thousand additional members of the I. R. A. have arrived here. Up to noon there had been no disorders, although the rival forces were evidently ready for trouble.

The six barracks have been taken over by the loyal forces, who are occupying them.

An armored car with the Sinn Fein flag flying over it patrolled the streets throughout the day.

Mulcahy, evidently acting under instructions from his government, entered into negotiations with the lead-

Wants Nation To Hear Congress Debate.

Rep. Vincent Brennan

American citizens will be enabled to sit in their homes and listen to Congressional debates if plans evolved by Representative Vincent Brennan of Ohio materialize. Establishment of a giant radio telephone station for broadcasting the various debates and discussions held in the halls of Congress is proposed in a resolution which Brennan plans to introduce. The proposed station, which would be under supervision of the Navy Department, will be located in the Capitol Building or at the naval radio plant at Radio, Va., according to the plans of Brennan.

ALL BUT 2 BIDS REJECTED BY STATE

Columbus, March 8.—With but two exceptions, all bids providing for concrete road building in Ohio, submitted at the February 24, Feb. 23 and March 1 lettings, have been rejected by State Highway Director Herrick. Two contracts were not rejected because of the absence of alternative bids.

Gov. Davis cabinet is credited with advising this action in view of the boycott placed by other states on concrete in an effort to reduce cement prices.

WOODROW WILSON AND BORAH JOIN FORCES TO DEFEAT PACIFIC TREATY

Former President Writes Letter to Idaho Irreconcilable
Declaring Pact "Iniquitous" Alliance of
the Strong Nations.

Washington, March 8.—Woodrow Wilson and Senator William E. Borah have joined forces to defeat ratification of the four powered Pacific treaty.

Both believe that the treaty is an alliance of four powers and as such is dangerous to the interests of the United States and both will leave no stone unturned to prevent its acceptance by the senate. From his quiet home in St. Paul where he has silently observed the course of events for the last year, Woodrow Wilson has written a letter to the Idaho irreconcilable, outlining his reasons for believing the treaty to be an "iniquitous" alliance of the strong.

Not only has Mr. Wilson communicated with Senator Borah by letter but he has also had his views explained to the Idaho senator through Bernard M. Baruch and others, who have visited the S Street home since the close of the armament conference.

The letter has not been made public and probably will not be, but its existence is well known to Senator Lodge, the Republican majority leader and to Senator Underwood, the Democratic leader, who, so far, has been able to line up only a handful of Democrats in support of the pact.

As explained by opponents of the treaty, the analogy between the attitude of Mr. Wilson and that of Senator Borah toward the treaty is as follows:

1.—Both are against "alliances."

2.—Both regard the four power treaty distinctly as an alliance.

3.—Wilson is opposed to alliances for two reasons (a) because they have been a prolific source of war in the past; (b) because special alliances like the one the treaty provides for necessarily destroy the possibility of a real league of nations.

4.—Wilson has always denounced alliances and one of the great objects of the league was to destroy alliances.

5.—Borah agrees with Wilson that alliances are dangerous things and are the causes of armament and wars, and one alliance leads to another.

6.—Borah also is opposed to alliances because they are "destructive of the foreign policies as enunciated by George Washington."

7.—Hence Borah and Wilson find themselves standing on common ground with regard to the four power treaty.

The existence of the Wilson letter created a sensation when it became known at the capitol today as the senate resumed consideration of the pact.

Borah, the most irreconcilable of all the irreconcilables in the league fight, has found common ground on which to stand with the father of the league. "International policies make strange bedfellows," was a frequently heard remark.

The Wilson letter did not greatly surprise either Lodge or Underwood. It was stated that they had been aware for some time that the "Wilson influence" was working against the treaty and they welcomed bringing the fight into the open. Both were still confident that ratification will be had by a narrow margin.

The letter from St. Paul, the first so far as is known, that the former president has written was of special significance to Underwood. It brought the realization that all of the influence of the former administration had been thrown against his titular leadership of his party in the senate.

Underwood is counting on at least eight or nine Democratic votes, besides his own, to provide the votes necessary to ratification. These are Broussard and Randall of Louisiana; Pomeroy of Ohio; Fletcher and Trammell of Florida; Myers of Montana; Kendrick of Wyoming; Stanley of Kentucky and probably Smith of South Carolina.

Appearances today, however, gave rise to uncertainty that these could be counted on definitely.

It was conceded on both sides that the vote on ratification prob-

HELD ON CHARGE OF KILLING OFFICIAL

Cincinnati, March 8.—James Reno, 50 and Roy McKinney, 39, of Cincinnati, under arrest at Wilmington, O., on a charge of violation of the liquor law, also must answer a murder charge. The latter charge was placed against the prisoners last night after an investigation into the murder there of Emory McCreight, policeman, who was shot the night of Feb. 14.

It is alleged the men, on that night, shot Patrolman Emory McCreight when he halted them as they were attempting to break into a hardware store here.

The men were bound over to the grand jury without bond to night when arraigned before Mayor Richard C. Green.

CONTROVERSY MAY RESULT IN PROBE OF LAW CONDITIONS

Trial of Man for Murder
Leads to Trouble in
Chicago.

Chicago, March 8.—A controversy that threatens to result in a widespread investigation of law enforcement conditions in Chicago has arisen today out of the trial of Thomas J. Walsh, labor leader, for the murder of George Gast, a waiter. Gast and Adolph George, Jr., were shot down in George's wine room. Walsh already has been tried and acquitted of the murder of George.

The trial of Walsh for Gast's murder was scheduled to begin today before Judge John J. Sullivan, who presided at the first trial. State's attorney Crowe asked chief justice Scanlan to assign the case to some other judge, charging prejudice against Judge Sullivan and Justice Scanlan ordered the case transferred to Judge Joseph Fitch.

Judge Sullivan refused to relinquish the case, contending that the chief justice has no authority to reassign a case once it has been prepared for trial. He declares only the presiding judge can grant a change of venue.

State's Attorney Crowe has asked Judge Scanlan to call a grand jury for the investigation of the entire affair.

Crowe made public a letter he had received threatening his life if he started any "fool talk of grand juries for labor guys."

PRESIDENT SEES MOVEMENT TOWARD BALANCE IN PRICES

Harding in Letter to Meyer
Says Equitable Rela-
tivity Must Come

Washington, March 8.—President Harding today in a letter to Eugene Meyer, Jr., managing director of the war finance corporation, expressed satisfaction with reports of increases in the prices of staple agricultural products and pointed out that "there can be no restoration of general business stability without the establishment of equitable relative price and the cost to the consumer."

The president's letter was in reply to Meyer's report on the activities and accomplishments of the war finance corporation since its organization.

In discussing the rise in the prices of farm products, the president said that he was "not unmindful of the consuming public which is concerned in behalf of more moderate living costs" but asserted that "unfortunately, the low prices of agricultural staples did not find adequate reflection in a lower cost of living."

Referring to figures given by Mr. Meyer, the president said that the facts cited by the director of the finance corporation were "cheering evidences that we are moving fast toward establishing that necessary balance" in industry.

CLASSIFICATION PLAN CONDEMNED BY HOUSE ENEMIES

Columbus, March 8.—"We regard the deliberate tax dodger and the classificationists as a more dangerous enemy to society and our republic than the bootlegger, or the rum runner, or any other mullifier of our constitution or our laws," reads the resolution adopted at a conference in the house of representatives chamber here of uniform tax rule adherents.

The conferees comprising members of the last three state legislatures, organized the uniform tax league which will seek to prevent amendments of the state constitution providing for classification of property for taxation purposes. State Rep. John H. Chester, Paulding county, was chosen president and Attorney L. D. Johnson, Columbus, vice president. An executive secretary and organizer is to be selected.

Ohio Federation of Women's Clubs

By Mrs. George Elliott McCormick.

An appeal is made to clubs and federations in every town in Ohio to conduct a sale of goods made by the state's blind. The articles made by the needy blind are needed in every home. Every article sold makes a way for the people who live in utter darkness to have the chance to feel that they are self-supporting. Besides, the articles sold give their hands something to do to pass away the long and lonely hours.

Is your club going to have this sale of pretty and useful articles? Is your federation going to hold it? All club women are urged to do their share in bringing happiness to these unfortunates. For further information communicate with the Ohio Commission for the Blind, Columbus, Americanization Work at Athens.

Athens clubs are in a fair way to solve the problem of their Americanization contacts by the help of the Y. W. C. A. In the mining regions about Athens, the foreigners are largely in the small villages or mining camps, and are quite distrustful of people from town. A young slip of a girl can often win her welcome where an older woman cannot, and these girls are making their approach in the mining camps near Athens by the age-old method of the story. From story hours for the children it is not far to the girls' organization and to mothers clubs, thence to work in the homes and community meetings. In all these the Athens club women help with transportation and chaperonage, with money and service. At Christmas time, the girls hold community services with tree, presents, treats of all kinds and programs in five mining towns, bringing great joy to about 500 little folk and incidentally to their elders. The club women stand back of girls in this and thus there is being accomplished in this manner what could not be accomplished by one club woman alone. The Y. W. C. A. and the Athens club women have joined hands in a most commendable enterprise for the good of the nation as well as their own communities.

The Athens City federation plans to have a state speaker each month with different clubs of the city acting as hostesses. Club women from Logan, Nelsonville and Amesville share in the pleasure of these meetings and the one-o'clock luncheon which proceeds them.

Athens club women have begun to follow out the suggestions for naturalization ceremonies made by Mrs. Percy V. Pennybacker, of Austin, Texas, chairman of the American citizenship committee of the General Federation of Women's Clubs, and they are sanguine of their success in the work.

Ohio Federation Notes
Mrs. William H. Sharp, Columbus, former president of the Ohio Federation, addressed the Women's Club at its February meeting at Woodfield. This club has a membership of 112. Mrs. Sharp was a guest of honor at a meeting of the Civics club at Belaire last month.

The silver anniversary of the Altrurian club, Columbus, was celebrated in February with a banquet

and reception. Addresses were made by Mrs. William H. Sharp and Mrs. W. A. Shoemaker, president of the Altrurians.

"The World's Best Literature as a Preparation for Citizenship" was interestingly discussed by Mrs. Robert C. Morris, of Toledo, state federation chairman of literature, before the February meeting of the Fremont federation. The meeting which was an open one, was conducted in the parlors of the Presbyterian church.

Detailing the work being done by the state for dependent children, Mrs. George Elliott McCormick, of Marion director of press and publicity for the Ohio Federation and a field worker in the state child welfare division, spoke before the Civic club at Elyria Feb. 27. The child welfare department of this club is furnishing milk every day to the undernourished school children of Elyria. This same department is educating three girls.

GREENE COUNTY SOLDIER PLEASED WITH HOSPITAL AT GREENVILLE, S. CAROLINA

A letter received by the local Red Cross from Elvis G. Johnson, Greene County ex-soldier, indicates that he is pleased with the treatment he is receiving from the Veterans' Hospital at Greenville, S. C. Johnson writes:

"I was mighty glad to be remembered by you with a letter. It always was a fellow good to get a letter from someone at home. I like this place."

"We are quartered in the old base hospital of Camp Sevier. It is located about five miles from Greenville, which is a city of about 48,000 people and the altitude is 1040 feet."

"The Red Cross and K. of C. furnish the amusements in the way of movies, lectures, music, pool and reading. There is a reconstruction building, where woodwork and basket weaving is taught. Then there is a Vocational School where you can learn anything from the A. B. C. to architectural drawing."

"I am feeling pretty good, I don't know how long I will be here. Met a fellow here who is from Dayton and one who is from Columbus. Will keep a look out for Blazer, the boy from Osborn."

During the month of February, nine Greene County soldiers were offered hospital care. About 15 ex-soldiers from this county are already in hospitals.

EAST END NEWS

Why March is Most Dangerous

March is the most dangerous month of the year because the change of season is more than a good many systems can stand. Too often it is true that the sick "last only till spring." But if the system is fortified, if the impurities driven from the blood, and the nerve tissues

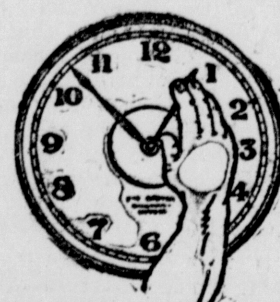

Strikes at Root of Indigestion

Dr. Jackson's Digestive and Liver Powder Quick in Relief. Free Sample Sent on Request.

This is proven. Usually the first dose banishes attacks of acute indigestion. One reason is it is a powder and immediately dissolved in the stomach and rendered ready for action. In ordinary cases of indigestion, such as palpitation of the heart, heartburn, sour stomach, gas bloating and similar evils, a single dose often brings relief.

A great many signed statements are on file to this effect. The promptness with which Dr. Jackson's Digestive and Liver Powder takes effect is celebrated among its users.

If not satisfied with results after using the first box, your money will be cheerfully refunded. Price 60c. Write today to Jackson Medicine Co., Zanesville, O., for free sample. Sold by Sayre & Hemphill.

She Walked With a Cane

Wednesday Health Talk No. 10. By G. C. DONOHOO, D. C. Just how a child comes by displacements of the spinal vertebrae is not hard to appreciate if you watch them at play. They get some hard falls and jolts, and unless the spine is given attention every now and then some chronic ailment is apt to develop. It was thus with Violet Watson. Something threw the proper vertebrae out of alignment and Rheumatism resulted. For years she walked with a cane.

Rheumatism is due to pinching of spinal nerves to the kidneys and liver. This results in sluggish activity of these two eliminating organs. As the waste poisons accumulate in the system the symptoms develop that warrant the physician in calling it rheumatism. The chiropractor brings the patient back to health by eliminating the cause—spinal nerve pressure—and when this pressure is gone, Nature gradually clears the system of waste poisons and the sufferer becomes well.

BEDFAST FOR SEVEN MONTHS—NOW WELL

"My daughter, Violet Watson, was ill ten years with rheumatism. In her last attack she was bedfast seven months. Her case was pronounced hopeless and we turned to chiropractic. After a time she threw away a cane she had used for years. Today she is in perfect health. I can sympathize with all such sufferers, and recommend chiropractic."—William R. Watson, Chiropractic Research Bureau, Statement No. 1223M.

W. C. T. U. EXECUTIVE COMMITTEE MEETS.

The meeting of the Greene County Executive Committee of W. C. T. U. was held at the home of Mrs. Olive Dean on Tuesday, twenty-five being present. The morning session was occupied with the transaction of business and discussion of several lines of work.

A letter from the state superintendent of Soldiers' and Sailors' work to Mrs. Dean who is head of that department locally, was read by her, and a report from the president of the Bowersville Union told of the work they are doing in Child Welfare work.

In the afternoon, reports of the Mid-Year State Executive were given by Mrs. Flatter, Miss Mary Ervin, Mrs. Olive Dean and Mrs. Snodgrass. These women were full of enthusiasm concerning the subjects discussed at the Mid-Year meeting and brought back so much that was said by eminent social workers along their lines of work that it was next to having attended the meeting in person.

At the noon hour a delicious dinner was enjoyed, each one having brought some portion of the repast.

CHILD HEALTH DISCUSSED BEFORE MOTHERS' CIRCLE.

"The Health of the Child" was the subject of the talk given by Dr. B. R. McClellan, before the members of the Orient Hill Mothers' Circle, Tuesday afternoon. Dr. McClellan's talk concerned the abnormal children in the schools, and the need of care and attention that should be given them by the instructors and patrons of the schools.

The members of the organizations were entertained by the pupils of the third and fourth grades who gave two readings, and the dramatization of a playlet. Mrs. Fred Turner gave a piano solo. A short business session was held during the fore part of the afternoon.

SHORT PROGRAM GIVEN BY LODGE.

A short program was enjoyed at the regular meeting of the Pythian Sisters, held at the Knights of Pythias Castle, Tuesday night. A musical selection was given by Mrs. George Anders, followed by a clever program of recitations, songs, and stories by the members, given impromptu. Twenty-five members were present.

ENTERTAINS S. S. CLASS TUESDAY.

Mrs. John A. Yoder entertained the Prugh Bible Class of the First Reformed church, at her home on North Galloway Street, Tuesday evening.

After the business meeting a musical program was given, and refreshments served.

ENTERTAINS AT BRIDGE PARTIES.

Mrs. J. D. Steele entertained with two charming bridge parties, at her home on North Galloway street, Tuesday and Wednesday afternoons. Five tables were entertained each afternoon, pretty appointments being used throughout.

Mr. and Mrs. David Kyle completed moving Tuesday from their home on the Jamestown pike, to the farm known as the Harvey McClellan place, on the Upper Belbrook pike.

Mrs. Wilbur Smith, and three children, Helen, Velma and Carl, of the Eliazor neighborhood, have been confined to their home for the past several days, suffering from influenza.

The New Hope School District, met at the home of Mr. and Mrs. Edgar McKay, on the Wilmington pike, Wednesday afternoon, for the first sewing in connection with the Home Demonstration work conducted by the Greene County Farm Bureau.

Miss Margaret Slate, of East Main Street, visited friends in Columbus, Monday.

Mrs. S. F. Weston, of Yellow Springs, is entertaining the members of her bridge club, Thursday afternoon.

Mrs. E. A. Ferguson, of Milledgeville, Ohio, has been the guest of Mr. and Mrs. C. O. Rankin for a few days.

Mrs. O. S. Kelly, who has been confined to her home on Cincinnati avenue, following an operation for mastoid trouble is improving.

Baptism of Dog Causes Outing of Preacher.

Buster, owned by Mrs. Melbourne Porter, of Brookline, Mass., probably is the only dog ever "baptized" in accordance with the rites of the Presbyterian Church. The baptism, said by Mrs. Porter to have been performed by Rev. Edwin Curtis, resulted in the expulsion of Dr. Curtis as pastor of the First Presbyterian Church at Brookline.

DAUGHERTY GIVES ELIGIBILITY OPINION

Washington, March 8.—Attorney General Daugherty has transmitted to President Harding his opinion with respect to the eligibility of Senator Smoot of Utah and Rep. Burton of Ohio to serve as members of the world war debt funding commission, it was learned at the department of justice today.

Although the attorney general would not make public his decision, it was understood that he told the president that there were no legal bars to the confirmation of Smoot and Burton by the senate.

President Harding was requested to furnish the senate with a copy of the opinion under a resolution offered by Senator Cummins, Republican, of Iowa and adopted unanimously.

DISTILLERY RAIDED

Frederick, Md., March 8.—"The Old Horse" distillery, ten miles from here, was raided early today by a gang of bandits, operating a fleet of three motor trucks. The bandits overpowered, bound and gagged three government watchmen, loaded 1,000 gallons of whiskey on the trucks and made their escape. A general alarm has been sent out.

Bryan Not Disturbed by "College Professors Who Wind Tails Around Limbs of Darwin's Family Tree"

Note:—Prominent educators at Chicago a few days ago denounced William Jennings Bryan as a "medievalist" and roundly criticized him for his opposition to the teaching of evolution in the public schools. At the request of the International News Service the commoner has written the following answer to his critics:

BY WILLIAM JENNINGS BRYAN. COPYRIGHT 1922 BY THE I. N. S.

Washington, March 8.—I am not disturbed by any criticism made by any man who thinks he is the descendant of an ape. He may boast of his brute ancestry but it is a peculiar pride and there are comparatively few who share it with him.

When a college professor winds his intellectual tail around a limb of Darwin's family tree he naturally looks down with contempt upon ordinary people who walk on the ground and are content to believe that they were made in the image of God. But while this gives amusement to the "tree man" it does not disturb the people, except when such men take charge of the educational system of the country and undermine the religious faith of the children entrusted to their care.

With something like a million species of life they have not yet been able to prove that a single species came from another.

The flimsy evidence upon which Darwinites build their faith would not be sufficient to convict a person of petty larceny in any court in the civilized world. And yet, upon this so-called evidence, they repudiate the bible. Darwinism made an agnostic out of Darwin.

You can silence any of these worshippers of a jungle ancestry by asking them to put in writing the vital truths which they reject when they consistently apply Darwin's hypothesis to the Bible. I have been trying to get some of these insolent guessers to answer the question but they avoid it. If they will show how little of the Bible they believe to be consistent with Darwinism the people will understand the extent to which they undermine faith with their ridiculous guesses.

They do not believe in the creation of man by separate act as a part of God's plan. They see no divine purpose in man's presence here. They exclude the miraculous and the supernatural as inconsistent with evolution. They libel Christ by denying His virgin birth; they rob him of His deity and scout at His resurrection. In fact, they so belittle Him that they regard the finding of the fossil remains of what they call a five toed

horse as a more important event even than the birth of the Saviour.

When the Christian people of this country understand the ravages of agnosticism, caused by the substitution of the unsupported guesses for the word of God they will compel the atheists and agnostics to build their own schools instead of using the public school for the spread of unbelief, teachings of any truth; no truth can be inconsistent with Christianity, but they do object to fantastic guesses being substituted for the "thus saith the Lord" of the scriptures.

SUPREME COURT OVERRULES MOTION IN RUTHRAUFF CASE

The State Supreme Court Wednesday, overruled the motion for an order directing the Greene County Appellate Court to certify its record in the case of Alice R. Ruthrauff against William M. Ruthrauff.

The action involved a petition for alimony, in which service was obtained by a specially deputized attorney for the plaintiff serving the papers on the defendant in Allen County some time ago. The Common Pleas Court here upheld the form of service as proper, but the Court of Appeals reversed the lower court on the grounds that the papers could not be properly served in any other county than Greene by a sheriff of Greene County.

In ordinary cases the Court of Appeals is the court of last resort but the defeated party may apply to the Supreme Court and allege that the case is one of great general interest and that the court below erred. Upon that showing, if the Supreme Court is satisfied, it can order the record certified to it for review. The motion in the present case was argued April 27, 1921 and nothing had been heard from it since. The decision of the State Supreme Court now eliminates the advantage gained by the plaintiff in obtaining service in the action for alimony and leaves the case where it started.

TEMPER IS BLAMED FOR SHOOTING AFFRAY

Ouija Board Says Chicago Defenders Will Defeat Cincy.

New York, March 8.—His rebellion against an order to work on Saturday afternoon was the explanation given yesterday, according to police by Isadore Karp, 17 year old shipping clerk for the fatal shooting yesterday of Max Engel, wealthy lace manufacturer and importer, when in his Fifth avenue office, in sight of a half hundred horrified girl employees.

With bravado Karp told police, it is said after his arraignment on a murder charge "I guess I shot the wrong man," declaring he intended to shoot Harry Kraus, son of another member of the firm, who discharged him. "I guess I was crazy and shot the first one I saw," he is reported to have said, with a shrug.

Karp, police said frequently had displayed an ungovernable temper during the year he was employed by the firm of Engel & Kraus and several times was threatened with dismissal unless he showed himself more to be amenable to discipline.

BUSINESS SECTION OF CHEBOYGAN, MICH. IS SWEEPED BY FIRE

Cheboygan, Mich., March 8.—A man and a boy were burned to death and the central part of Cheboygan's business section was reduced to ruins in a fire which started in the Frost Kessler block today and swept north on Main Street, defying all efforts at saving surrounding property.

Should the wind shift in any direction the blaze would be carried to adjacent business and residential blocks, it was feared. The damage thus far was estimated at \$1,000,000.

Miss Jeannette McDonald, telephone operator in the Bell exchange, leaped three stories to safety when the telephone offices were destroyed.

Detroit, Mich., March 8.—The death toll at Cheboygan has reached three, according to a private message received here today by M. D. Olds, a resident of Cheboygan, guest at a local hotel.

The flames are now sweeping towards the Black river and there is little hope of checking the fire's progress short of that stream, according to information received by the local American Telephone and Telegraph company this afternoon by way of Duluth. Hundreds of thousands of dollars worth of additional property is apparently doomed, local telephone people state.

SHOT BY BANDITS

Arlington, Georgia, March 8.—Shot by one of three bandits whom he surprised in the act of robbing the bank of Arlington early today A. R. Wiggins, chief of police was seriously wounded he is expected to die. The robbers fled after the shooting, leaving the safe bank a wreck without obtaining any loot.

This will be the first game McKinley has played with an eighth grade team, all others being with high school fives. The game will start at 7:30. McKinley has won 11 games out of 13 starts this season by high scores.

LEGAL BARRIERS TO FORD OFFER ARISE

Washington, March 8.—Chairman Kahn of the house military committee yesterday told W. B. Mayo, chief of engineers for Henry Ford, that it would require years to thresh out legal entanglements and it was doubtful even then that the government would be able to accept the Detroit manufacturer's proposed contract for purchase and lease of the nitrate and power projects at Muscle Shoals.

After the committee adjourned other committee members said that the legal barriers to acceptance of the Ford proposal appeared insurmountable because of the contracts held by the Alabama Power Co. and the Air Nitrates Corporation, which, those concerns claim, give them exclusive rights to purchase the Warrior steam plant and nitrate plant No. 2, respectively. Both units would be delivered to Mr. Ford with free titles should his proposal be accepted and could not be freed from the contract conditions without prolonged litigation.

Discussion of the legal difficulties the committee faced in considering the Muscle Shoals situation developed after Mayo and Gray Silver, Washington representatives of the American Farm Bureau Federation, had presented three alterations which they said Ford had agreed to make in his original offer.

OKLAHOMA BANK FAILS

Oklahoma City, Okla., March 8.—The Wilkin-Hale state bank failed to open for business today. It was the only state bank in Oklahoma City and had a capital stock of \$200,000. A placard in the window said a reorganization was being effected.

A steady withdrawal of funds was responsible for the closing today according to the state banking department. This makes more than 40 banks closed in the state in 1922.

DRIVER OF CAR SOUGHT

Cleveland, March 8.—The driver of a car listed as being owned by an Elyria man was being sought today while William Sheridan was fighting for his life in St. John's hospital. According to reports, Sheridan was struck by a machine at West 85th street and Detroit avenue shortly after 11 o'clock last night and left there by the motorist driving hurriedly westward. William Powers in another car, saw the accident, gave chase and forced the driver to return but released him when he found that Sheridan had been taken to a hospital believing him to be only slightly injured.

FATALLY WOUNDED

Cincinnati, March 8.—When in a revolver battle last night between three alleged auto tire thieves and a detail of city detectives, Ray Wilson, 21, was shot and probably fatally wounded. The alleged thieves were surprised by the officers and opened fire when the detectives attempted to arrest them. During the fight more than a score of shots were fired. Wilson's two companions escaped, but later were captured.

HEAD OF "JONATHAN," BIG DEER KILLED IN MAINE IS HERE

From the snow-bound fastnesses of a Maine woods, to the banquet table at the Rink and the walls of the Cleveland confectionery, is the mileage record of "Jonathan," deer buck, killed by L. F. Cleveland of this city.

Mr. Cleveland, president of the Green County Fish and Game Protective Association, killed the big deer on a hunting expedition last fall. The meat was served at the annual banquet of the Association, held in December. "Jonathan" was the biggest deer shot by the party, and was killed by Mr. Cleveland after trailing him practically all day. An interesting story of the shooting of the beast was told by Mr. Cleveland at the December banquet.

Now the head of "Jonathan" hangs from the walls in the Cleveland establishment on Green Street, having been prepared by a taxidermist for exhibition purposes. There are fourteen tips on his huge antlers.

WENT TO SLEEP IN AUTO, TELLS JUDGE

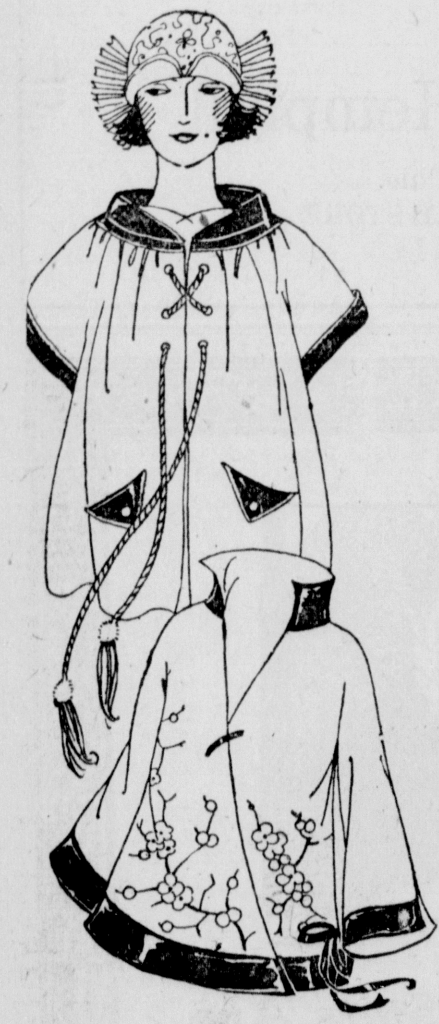

William Brown, colored, bound over to the grand jury by Judge E. D. Smith in police court, on a charge of driving an automobile without the owner's consent, was arraigned before Judge Marshall in probate court, Tuesday afternoon and entered a plea of guilty to the charge contained in the affidavit by Prosecutor Williamson.

Brown was accused of stealing an automobile belonging to David Bird and Stephen Stewart, January 5. He told Judge Marshall he had gone to sleep in the automobile while it was standing in front of Stewart's house and that he had not moved the machine. He has been in the county jail two months and rather than await the action of the May grand jury, he was arraigned Tuesday. Pending further investigation of the case by the Prosecutor, Judge Marshall withheld his decision in the case.

Styles BY LENORE

An effective negligee may be made of soft mauve crepe, with folded collar and turn-back cuffs of crepe de chine in the same or a deeper shade, and a tasseled silk cord to lace down the front. And note the cunning little pockets.

Another exceedingly charming and even more original negligee coat is il-

lustrated in the lower sketch. It was born in the same Paris shop as the mauve model, but was created in rose satin, with dull blue trimmings and delicate apple blossoms embroidered all over the front, fastened by a cord which laces through at the neck and is drawn down to and tied at the side. This model would be stunning in black and gold.

THREE FINGERS BLOWN OFF IN BOMB BLAST

Cincinnati, March 8.—Three fingers were blown from the right hand of Silas Tuning, 16, who lives near Covington, Ky., last night when he picked up a bomb he thought was a harmless package. County authorities are investigating the case but so far have been unable to find who placed the bomb there or for whom it was intended.

JUDGE SENTENCES YOUTH TO DAYTON WORK HOUSE

"It is time you were learning that you must obey authority," said Judge J. Carl Marshall in probate court, Tuesday, when he sentenced Clarence Ellison, 23, of near Wilmington, to serve sixty days in the Dayton Work House and fined him the costs in the case.

Ellison had previously plead guilty to three charges of issuing checks without sufficient funds in the bank before Magistrate J. E. Jones and had been bound over to the grand jury under \$500 bond in each case. In order not to keep the prisoner in the county jail until the regular grand jury meeting in May, Prosecuting Attorney J. Kenneth Williamson filed an affidavit charging one offense before Judge Marshall, to which Ellison pled guilty. The affidavit charged him with giving a check drawn on the Citizens National Bank of Wilmington for \$10 to S. M. McKay of the Home Building & Savings Company.

It developed in the hearing that Ellison had been arrested for similar offenses previously and was under suspended sentence in Wilmington. Judge Marshall told Ellison that he was old enough to recognize authority, that he had been given plenty of chances to go straight, and that he hoped the sentence would be a lesson to him. The specific check was passed January 12, and Ellison was arrested last week in Wilmington.

LOCAL MERCHANTS TO ATTEND MEETING

Local retail merchants will attend the annual convention of the Ohio Retail Dry Goods Association, to be held in Columbus, Wednesday and Thursday.

The convention program will deal principally with subjects covering the "reduction of distribution costs." Along this line Ohio's biggest merchants are expected to take radical steps to make possible lowest possible prices during the coming summer, in all lines of merchandise, it is announced. Present conditions demand that the merchants take a small profit," according to Lynn Revenaugh, secretary of the association.

Speakers at the two-day session include Lew Hahn, New York, secretary of the National Retail Dry Goods Association; Alvin A. Dodd, Washington, D. C.; H. S. Shelton, Dayton, James A. Devine, and Murry T. Lincoln, Columbus, and many others. There will be a banquet and smoker, Thursday evening, March 9.

BRITISH WOMEN LAUNCH MOVEMENT TO GAIN CONTROL OF GOVERNMENT

British women will "seek their own" in politics. A movement to organize a political party composed exclusively of women today is in full swing in England.

The leaders, it is declared, are hopeful of gaining control of the government, inasmuch as there are 2,000,000 more women than men in Great Britain.

DOUGHNUTS "JUST HOW" TO MAKE RAISED

Believing that there may be many Bride Readers of this column who do not know "just how" to make raised doughnuts, I am giving the following specific directions:

Raised Doughnuts: At about 8:45 in the evening put 1 cup of sweet milk into a saucepan and let it scald over a hot fire. Do not let it boil. When scalding hot, pour it into a large mixing bowl and let it cool to the lukewarm stage (which will be in about 15 minutes). Then stir into it 1 teaspoon of salt, one fourth of a cake of compressed yeast dissolved in one-third cup of tepid water, and not quite two cups of ordinary bread flour (about one and seven-eighths cups.) This will make a very thick batter. Cover the bowl with a clean dish towel and stand it in a moderately warm place to rise overnight.

In the morning you will find that it has not risen very high, but that it is light. At about 8 o'clock, add to this light batter 2 well beaten eggs, 1 heaping teaspoon of ground nutmeg, 1-3 cup of lard and butter mixed and pail of sand handy, as many a fire melted together, 1 cup of light brown sugar, and one and one-fourth cups more of bread flour. This will make a very stiff dough. Once more cover the bowl with a cloth, place it in a warm spot, and let rise. At about 11 o'clock it will be ready to turn out onto a floured bread board and put down (with the hands) to one-inch thickness; cut into discs with either a small cookie cutter or a china egg-cup inverted so that the rim acts as the cutter. Pick up these discs, one at a time, and shape them

gently into little balls, then place them back on the floured board to rise for one-half hour. They will not rise much, but will be light.

Then comes the work of frying them in deep fat. The bride who has never "fried out" fat or learned to "clarify" drippings, had best buy a one-pound can of lard and melt the contents of this in a large saucepan (the pan should be about five inches deep and measure about eight inches across the top.) If possible, have a has started from accidentally tipping over, or splashing the contents from a deep-fat kettle. Sand puts out such a fire.

To make sure that the lard is of the right temperature for frying, if one has not a deep-fat thermometer, test it by tossing a cube of bread into it. If the cube is well browned on the bottom in exactly one minute by the clock, the fat is right to put the doughnuts into. Put several of them into it gently, not letting them touch each other, as that will cause them to burst. In about two and one-half minutes it is time to turn the doughnut over in the fat so the side that was uppermost may also be brown (although often the doughnut will turn itself over because the cooked under part is lighter than the uncooked upper part.) When browned on both sides (the entire process should take five minutes) stick a

fork into the doughnut, remove it from the frying kettle, dip it rapidly in and out of a pan of boiling water (to cut the grease on the outside) and lay it on crumpled brown paper to drain. When cool, roll in powdered sugar.

Get Your Free

\$1.00 PACKAGE OF GENUINE YEAST VITAMINE TABLETS from your druggist today.

If you are thin and emaciated and wish something to help you put on flesh and increase your weight, Yeast Vitamine Tablets should be used in connection with organic Nuxated Iron. Without organic iron, both food and Vitamines are absolutely useless as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of organic iron in your blood. Organic iron takes up oxygen from your lungs. This oxygenated organic iron unites with your digested food as it is absorbed into your blood just as fire unites with coal or wood, and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes thru your body without doing you any good.

Arrangements have been made with the druggists of this city to give every reader of this paper a large \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free with every purchase of a bottle of Nuxated Iron.

WORN NERVES

Nervous troubles, with backaches, dizzy spells, queer pains and irregular kidneys, give reason to suspect kidney weakness and to try the remedy that has helped your neighbors. Ask your neighbor!

Mrs. Mary Mattox, 12 Leaman St., Xenia, says: "My kidneys became disordered and I suffered a great deal from pains in my back. My back seemed to throb and there was a steady ache across it just over my kidneys. My back was sore and lame and felt so knotted up at times I could hardly move. Sharp pains shot through my back when I stooped over and I was dizzy and nervous as well as tired and worn out. My kidneys were irregular in action. My bladder became inflamed and my condition became serious. Doan's Kidney Pills were highly praised so I got some at Sayre & Hemphill's Drug Store. A few boxes did excellent work for me. The troubles left and I again knew what good health meant."

O. E. BRADFUTE IS PRINCIPAL SPEAKER AT FARMERS' MEET

"Farmers have always underestimated the importance and the value of their labor," was the statement of Hon. O. E. Bradfute, president of the Ohio Farm Bureau Federation, at the meeting of the stockholders of the Xenia Farmers' Exchange Company, and farmers, in the Assembly Room of the Court House, Tuesday night.

"Since the development of organizations to inquire into mining and railroad questions, and other problems, that confront the country, the farmer has found that he is greatly interested, in these matters," said Mr. Bradfute. "In an organized way, through the statistical departments of the Farm Bureau, ways and means have been devised of getting the information to the farmers and the country as a whole. Because of the publicity the Farm Bureau has brought to agriculture, the 'agriculture bloc' has been formed in Congress," Mr. Bradfute continued.

He defined the Agriculture Bloc, as an organization in Congress, made up of men who have decided to represent the folks that sent them (the farmers), and seek a solution of their problems. "The calling of the Washington Conference," said Mr. Bradfute, "was due to the fact that the farmer's problems have been kept before Congress, and other administrative bodies, by the farmer's organizations. When President Harding addressed the Agricultural Conference, it was the first agricultural speech made by any president since George Washington. The effect of the Conference has already been made evident; by the passage of the Co-operative Marketing Bill," said the speaker.

"Farmers have just commenced to co-operate, and there will be a big fight ahead of all the co-operative organizations, to hold their own membership and to compete against other marketing agencies that have flourished in previous years.

Other speakers of the evening, included Hon. W. B. Bryson, president of the Greene County Farm Bureau, who spoke on "The Relation of the Farm Bureau and other Co-operative Organizations," pointing out the aim of the Farm Bureau to organize marketing associations, for all commodities grown by the farmer. These organizations include the Livestock Shipping Company, the Farmers' Elevator, Dairy Organizations, and numerous other similar organizations. Ford S. Prince, County Farm Bureau Agent, spoke on "The Use of High Grade Fertilizer," arguing in favor of acid phosphate. More than 14 percent of available plant food should be included in the product, he said.

The remainder of the evening was given over to the reports of the Secretary of the Exchange, H. W. Eavey, and the treasurer, J. C. Williamson. Mr. Williamson's report revealed the fact that there were 315 stockholders in the company, which is the largest farmers' elevator in the county, from the standpoint of stockholders. The reports of the managers, A. W. Tullis and F. P. Hastings, were given. The balance sheet of the company, March 1, showed good business, since July first. Short talks by several of the stockholders of the company followed. Music was furnished during the evening by the Xenia Grange, and the Cearsacreek Grange Orchestras.

ARE YOU THIN AND SCRAWNY?

The Bones of the Body Were not Intended to Show. Cover Them With Flesh

Nobody wants to be called "fat," but even fat people are better off than those unfortunates who are so painfully thin that they have that "scrawny" look. Especially is this true of women. The rounded figure is the figure of health and beauty. If you are too thin you can add solid, firm flesh by taking Gude's Pepto-Mangan with your meals for a few weeks. It will put you in better health and Nature will restore you to your normal weight. Pepto-Mangan itself does not add weight but it does build up health. You won't be thin and scrawny if you are well. Get it of your druggist. He sells it in both liquid and tablet form. adv

BANK MESSENGER BATTLES BANDIT

Pittsburgh, Pa., March 8.—Charles Lazaro, Homewood Peoples bank messenger, on his way to a downtown bank with a valise containing \$15,000 was attacked when alighting from a street car recently by a male bandit, attired in women's clothing. The bandit sprayed liquid ammonia in Lazaro's eyes, but although blinded temporarily Lazaro battled with his assailant until a traffic policeman subdued the bandit. It was not until lodged in police station that the sex of the bandit was discovered. The hold up occurred in the business section of the city.

RULING AGAINST MOVIE BEING COMPLIED WITH

Columbus, March 8.—The mandate having further exhibition of "The Law and the Woman" film in Ohio motion picture houses is being complied with, according to reports reaching the office of State Director of Education Riegel here.

As chief of state censorship bureau Director Riegel, after viewing the picture at a Columbus movie theater last week, issued his order of prohibition effective this week.

Claiming that scenes of women drinking and smoking make the picture objectionable, Director Riegel ordered the film returned to the state censorship bureau for another inspection. After running the picture yesterday, proprietors of Cleveland motion picture houses last night agreed to comply with Director Riegel's order it is reported.

Word, also has reached here that persons in charge of the distribution of the film in Ohio have announced their intention of complying with Director Riegel's order.

ANOTHER PROBE SOUGHT

Washington, March 8.—Sen. Caraway, Arkansas, recently sought unanimous consent to introduce his resolution for investigation of charges by Senator Poindexter. Washington, that "malign and unlawful influence" had been used to obtain votes against seating Senator Newberry, Republican, Michigan, in the Ford-Newberry election contest. The measure went over until today.

WOMAN MURDERED BY HER HUSBAND

Akron, March 8.—Mrs. Jerry Hoy was murdered by her husband at one o'clock yesterday in their home at Ken during a quarrel over returning to a farm near Streetsville. Mrs. Hoy died 30 minutes after the shooting in which three bullets lodged in her head. Hoy then turned the gun on himself and died instantly.

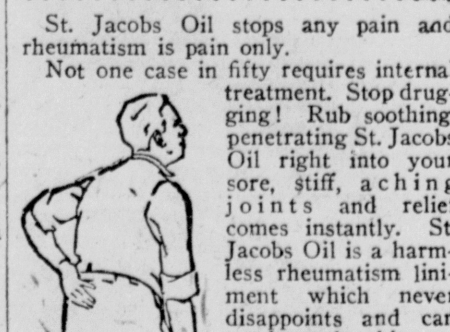

Mrs. Hoy was his third wife. He had five children by former marriages and she, three. Mrs. Hoy was formerly a resident of Cleveland. Hazel, the 18 year old daughter hearing her mother scream, rushed to the room in time to see, but was unable to prevent the fatal shooting.

The Pink of Condition

MEANS A CONSTANT FIGHT AGAINST CATARRH

The negative, we call catarrh, causes a big headache, an uneasy nervous system and a hundred other troubles.

Later, the disease is fierce enough for most of us without any added and unnecessary obstacles to good health and our best interest.

Coughs, colds, nasal catarrh, sore throat and hoarseness are among the more common of the many disorders that arise from the irritation of the mucous membrane of the nose, throat and lungs. These disorders are due to the development of natural ability, to the disease power and a hindrance to one's happiness.

It is possible to get rid of her best when sick, and catarrh is sickness, holding always the threat of something worse.

Keep fit. Fight catarrh. Fight it with a remedy of proved merit and a record of centuries in the destruction of catarrhal stagnation extending over half a century.

See Mrs. M. J. Riker, R. F. D. No. 1, Box 10, Colvert, Texas, writes:

"I know Pe-Ru-Na is good for coughs, colds and catarrh."

Mr. R. S. Humes, Lock Box 76, Noble, Mo., writes:

"I got rid of the worst case of catarrh of the head by the use of Pe-Ru-Na."

The number of people who have been benefited who have learned by experience that Pe-Ru-Na is the proper medicine to clear away accumulated catarrhal stagnation, control the blood, restore the appetite, soothe the inflamed mucous membrane and put life and vigor into the debilitated system.

The reliability and worth of Pe-Ru-Na as a family medicine has been established by fifty years' faithful service in the American home.

DR. C. E. GALLOWAY RETURNS TO EVANSTON

Drs. Charles E. Galloway, of Evanston, Ill., president of the Hagar Straw Board & Paper Co., of Cedarville, with Mrs. Galloway has returned to Evanston, after spending several months here in the interests of the paper company, and putting the Cedarville plant in operation.

Dr. Galloway will return to his research work at the University of Chicago, and sometime in April will enter the Chicago Lying-In Hospital for six months training in obstetrics under Dr. DeLee. The Lying-In Hospital is one of the largest obstetrical hospitals in the country, having a capacity for thirteen cases at one time. After the completion of his course in Chicago, Dr. and Mrs. Galloway will go to Edinburgh, Scotland for a year where Dr. Galloway will take some more obstetrical training at the University of Edinburgh.

Likewise the C. A. C. members wife will not have to wring her hands and fret when a tire breathes its last

That the prospect for this year's business is good, and the mills of the Hagar Straw Board and Paper Company, at Cedarville, are in full operation a great part of the time is the statement of Dr. Charles E. Galloway, President, and until recently General Manager of the company, who, with Mrs. Galloway, returned to their home in Evanston, Ill., Monday night.

The Cedarville mills were down for about ten months, according to Dr. Galloway, who, after being elected as head of the company, came here last fall to get the plant again in operation. The mills have operated almost continuously since November 1, being down about ten days in both January and February, counting each day of 24 hours. At the present time things look good for the next six months," said Dr. Galloway.

The company employs about sixty people and now has sixteen teams hauling straw. The problem of stream pollution, which caused considerable trouble for a time, has been cleared up, through co-operation with state officials. Dr. Galloway states that the company is now working on a plan to resell the small washed out straw, which is not used, as cheap fertilizer thus returning to the farmer a product more valuable than the original straw and in a usable form. Mr. Wilson Galloway, brother of Dr. Galloway, is now General Manager, in charge of the plant at Cedarville, and the general offices of the company are being moved from this city to Cedarville, where Mr. Galloway will make his home.

TO MANAGE GROCERY

Mr. and Mrs. Harry Smith, of South King Street, moved Wednesday to Paintersville, where Mr. Smith will manage the Bradstreet grocery. Mr. and Mrs. Lawrence Luttrell have taken the Smith home in this city. Mr. Luttrell will be employed in the Bradstreet grocery on Green Street.

MORE PLANS LAID FOR CROW SHOOT STARTING MARCH 10

Further plans for the crow shoot to be held under the auspices of the Greene County Fish and Game Protective Association, were made at the meeting of the organization held Tuesday night in the Chamber of Commerce rooms.

The shoot will be held from March 10 to May 20 and all crows must be shot by members within a radius of 20 miles of Xenia. Both feet must be preserved and sent in. Hunters are warned that in order to take part they must have a 1922 license and they are advised to ask permission of farmers before entering upon their lands to shoot.

Weighmasters of the fishing contests will act as counters, and will keep a record of the number of fish, which must also be saved after they are counted. The committee is obtaining more prizes, that will be awarded at the shoot, and to be given out at the regular June meeting after the close of the shoot.

Members of the local Association, Tuesday night voted to affiliate with the Ohio League of Sportsmen on a 300 membership basis. It was decided at the meeting to make an effort to obtain release No. 3, a motion picture put out by the state fish and game department, to be shown here soon.

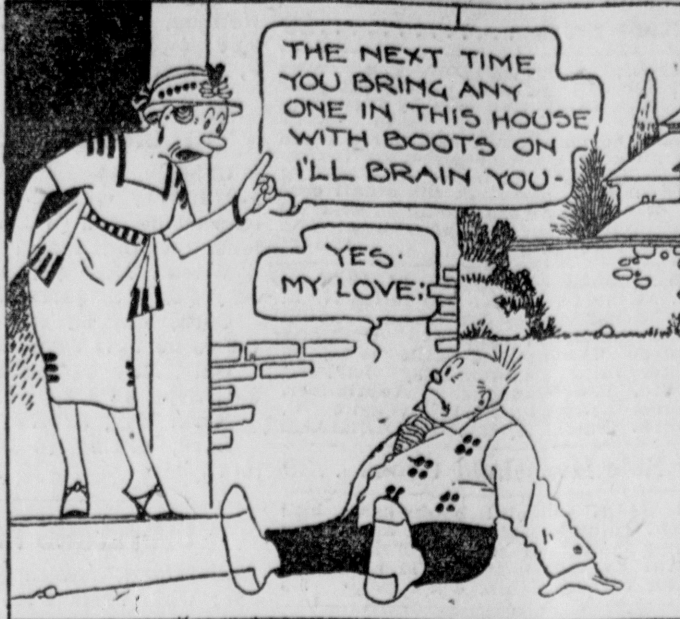

BRITISH POLITICAL SITUATION SAME

London, March 8.—Premier Lloyd George who has been ill had recovered sufficiently to preside at a meeting of the cabinet today. The meeting had been called to get the ministry's approval of the proposal to appropriate 350,000 pounds sterling for the relief of the Russian famine sufferers.

The British political situation is unchanged. The premier is ready for his holiday at Criccieth, Wales, and will not announce his final decision on his threat to resign until after he returns.

He will leave London tomorrow. Negotiations between the unionist supporters of the premier and the Tory "Die hards" in the coalition continue.

PASS RESOLUTION STANDARDIZING TIME OF BEGINNING SCHOOL YEAR IN GREENE COUNTY AT ANNUAL MEETING TUESDAY

A resolution standardizing the beginning of the school year in Greene county in relation to the length of the term and also standardizing the holiday periods during the year, was passed by members of Greene County boards of education at an annual meeting held in the Court House, Tuesday.

The resolution is as follows: "Resolved, That it be the sense of the Boards of Education of Greene County, assembled, that the school term in districts running eight and one-half months or more open the first Tuesday of September and in districts running eight months open the second Monday of September; That the schools be dismissed for Thanksgiving Day and Friday following the same;

"That the schools be continued in session through Washington's Birthday, when it occurs on a school day;

"That the Holiday vacation begin the day before Christmas and continue through New Year's Day.; The committee which drew up the resolution was composed of S. H. Shawhan, C. E. Bone, D. H. Barnes and D. S. Lynn.

Vernon M. Reigel, state superintendent of public instruction, was the principal speaker at the afternoon session of the educators, giving a general talk on school and the operation of new laws governing them.

The state superintendent emphasized particularly the tax question; the importance of the teacher; the need of stopping the waste in education; the making of the teaching of fundamentals accurate and well; the importance of good teachers and their scarcity; and the importance of paying good salaries to teachers and he also dealt with the question of whether teachers' salaries should be reduced.

State Superintendent Reigel also discussed the transportation problem in its relation to high schools, and emphasized the need of a High School in every district. A condition existing in Greene County furnished food for thought in this connection, the New Jasper Township board having no High School, and being forced to furnish transportation for all of its school children to Jamestown, Xenia, and Caesarcreek, as all live more than four miles from these schools, while in Beavercreek Township, since Alpha High School is in the Township, the board does not have to provide transportation for students to that school, even though many of them live more than four miles from the building.

The betterment of the method and teaching of reading, is one objective to be sought for in the county as a result of the meeting, as outlined by County Superintendent H. C. Aultman, who presented charts and diagrams showing the relation of Greene County standardized tests with similar standardized tests conducted nationally. The standardized tests in reading during January showed that this subject is slightly below the national standard in Greene County, with the exception of the Senior year, in High School, when Greene County arose slightly above the standard. County Superintendent Aultman outlined a campaign for educators over the county to increase the efficiency of the teaching of this one branch, in an effort to reach the mark set by the national standardized tests.

The discussion of teachers' salaries and especially the recommendation

HELEN HUNTER'S HUSBAND

BY JANE PHELPS

A DISTURBING SITUATION CHAPTER 58.

Quite frequently Helen lunched with Barnes. She did not always tell Jack of the quiet little luncheons in some fashionable cafe, not because she thought them wrong, or that she did anything out of the way—from her point of view; but because he disliked Barnes, and had told her he didn't wish to talk of him.

Poor Jack was constantly giving Helen an excuse to do as she wished, although he did not realize it.

Then too she occasionally attended one of the gay tea dances with Barnes. She loved dancing, and danced well. Barnes too was a finished dancer, and perhaps they should not be blamed for their fondness for dancing together.

One afternoon about 5:30 at one of these places, a place patronized by so many different classes of society that it would be useless to attempt to enumerate them. As Helen said to Mrs. Layton:

"High and low, rich and poor, swells and demimonde all go, why shouldn't I?" Mrs. Layton promptly

of Horace Anderson, of the Xenia township board, made at the morning session, that teachers' salaries be cut, drew fire from several different sources, Miss Letitia Dillencourt and Miss Mary Wilgus, teachers, represented Greene County teachers at the meeting, and entered into the discussion, as did also A. B. Garringer, Miss Dillencourt and Miss Wilgus discussed the value of the teacher and the need of experienced teachers in the schools, opposing the suggestion of lower salaries. Miss Anna McCracken, former teacher, also responded to the talk made by Mr. Anderson, favoring salary reductions.

Discussion of school enumeration was taken up by Charles Cline, at the afternoon session and Ray Fudge discussed the much-talked of transportation problem. Members of the boards of education approved the plan of permitting teachers to go to sense from their contract and also go to summer school on leave of absence approved the plan of obtaining standard teachers for the county as far as possible.

"This is the best meeting of the kind ever held in the state," said State Superintendent Reigel, regarding the conference of education board members. Although the meetings are provided by law, none were held last year, and educators were much pleased with the success of the meeting, which was voted the best held here since 1914.

HIG CROWD UNABLE TO SEE BERT WILLIAMS' FUNERAL

New York, March 8.—Five thousand persons were unable to gain admittance yesterday to St. Philip's Episcopal Church to attend funeral services for Bert Williams, Negro comedian, who died Saturday. More than 2000 persons, headed by a squad of police followed the hearse to the church. Persons prominent in the theatrical world attended. Burial will be made in Woodlawn Cemetery.

agreed that she should. They were resting after a dance, sitting at a table drinking their tea and talking animatedly. Two men came in and seated themselves near them.

"Look like prohibition agents!" Barnes whispered to her, as he slipped a flask into his pocket. He, and also Helen knew, they had seen, but as they made no move neither gave it much thought, and finished the drink, in a tall glass, which, like many others, they took more frequently than before the country went dry.

Again they danced. When they returned to the table, the men were still sitting near.

"Watching the house!" Barnes once more whispered. "Probably they haven't handed over graft enough!" and they chatted gayly, forgetting their two ordinary looking neighbors.

"I do wish Jack cared more for dancing!" Helen said during a pause in the conversation.

"I don't! Then he would be with you instead of me."

"No, he couldn't, not in the daytime. He isn't as rich as you are, and so isn't able to dance in the afternoon. But if he cared more about it we could make up little dancing parties in the evening."

"I thought you kept pretty busy evenings. It seems to me you are always on the go. I don't mind of course when I am one of the party, but when I'm not—Barnes' pause was significant, but Helen only laughed. His love making was

Chicago, March 8.—Louise Kiener, twelve-year-old Evansville, (Ind.) girl, who had been missing since Friday, was found yesterday. Her story indicated, police say, that she had escaped from white slave agents. The girl started Friday morning from Evansville for Chicago, where she was to visit relatives. She failed to arrive at the Chicago terminal and relatives notified police. It was disclosed that Louise had left the train at Forty-seventh street with a woman.

According to Mrs. Frank Erhardt, a relative, Louise was found last night in a convent, where she had been cared for after she had been found crying on the street. Louise told how the woman put her in a taxicab and later met two men, from whom she escaped while they were arguing about her age. Louise is tall and could easily be taken for a girl of sixteen.

RESOLUTION APPROVED

Washington, March 8.—The Lodge resolution authorizing the president to appoint a commission to represent the United States government at the centennial celebration of Brazilian independence to be held at Rio De Janeiro September next was favorably reported by the senate foreign relations committee. The resolution carries an appropriation of \$1,000,000.

agreeable so long as he did not overstep the bounds, which up to now he had been clever enough not to do; and many of his double entendres were not understood.

"Don't laugh! I am miserable when I think you may be with some other man."

"But I am always with another man! I am married you know!" She still laughed.

"That can't be helped—I suppose, your being with Hunter, although even that hurts." He was speaking more seriously now, more seriously than perhaps he ever before had done when talking of their intimacy. And when I think that he may be absent, and you with some other as you are with me, it drives me mad."

"Nonsense!" It was Helen's usual reply to anything she did not quite understand, or which she wished to avoid. But she had flushed rosily. Like all women of her calibre, she adored admiration, thrived on it. Absolutely virtuous, she longed for admiration as keenly as did the veriest demi-mondaine. And she, as the saying is "swallowed it whole" which they did not. Helen had no way of judging flattery at its face value.

"It isn't nonsense! But come, let's dance! This will be the last one."

"Yes, I wouldn't miss it for the world!" They both arose, and just as they were about to step upon the floor, one of the men at the next table quietly touched Barnes on the arm.

"Come with me," he said, holding his coat open a bit so that both Horace and Helen glimpsed his shield. "Better come quietly," the man added, as he saw refusal on Barnes' face. It will be better for the lady."

"It's that flask!" Barnes said in an aside to Helen. Then aloud: Please excuse me, Mrs. Brown," and followed the man out.

"He called me Mrs. Brown to protect me," Helen thought gratefully as she too quietly passed from the room in their wake. "He is always thoughtful."
